BINGO RECORDS – CLASS A, B AND C

Dear Bingo Licensee:

This packet contains the information required to operate a Class A, B, or C bingo game. It also contains a suggested format for recording each session's activity. Your low volume bingo class is exempt from daily records as long you comply with WAC 230-08-015, which requires that monthly records be kept. These monthly records must detail your gross receipts, the total amount of cash prizes paid and the cost of all merchandise prizes actually paid out. It must also contain a summary of all expenses directly related to the bingo game and information concerning the use of any net income derived. You will be required to report this information on an annual activity report form, which will be mailed to you two weeks prior to the end of your license year.

All gambling records must be kept for a period of three years.

While there is no daily record keeping format required for your class of bingo, enclosed is a recommended format which many bingo operators have found to be helpful in collecting each session's data in order to prepare the required monthly records. You may revise any of the documents to accommodate your bingo game format.

If you have further questions, please contact the Gambling Commission regional office in your area.
